

Antibiotic Use in Livestock

New CA rules take effect Jan 1, 2018

Effective Jan. 1 of 2018, over the counter injectable and all other medically important antibiotics must be administered with a prescription or veterinary feed directive (VFD) ordered by a licensed veterinarian through a valid veterinarian-client-patient relationship (VCPR).

California
Pork Producers
Association

The California Pork Producers Association (CPPA) is the catalyst for California pork industry stakeholders to collectively and collaboratively build a socially responsible, sustainable, and economically viable pork industry through information, promotion, & education.

As part of its mission, CPPA provides opportunities for industry stakeholders to enhance marketing opportunities for its members. The California State Fair Breeding Swine Sale provides such an occasion for our State's elite genetics to be offered and purchased.

Thank you to the buyers and exhibitors for your continued support for our industry.
